☆ XS650 professional custom build -
\$3500 (White Bluff)

image 1 of 6

Ground up custom built from 3-4 xs650's. Hand made ridged rear frame, original engine cradle and neck/forks. All hydraulic brakes. Hand made forward controls and rear sets, made from animal foot traps. Suicide shift (clutch is controlled with your left foot and gears shifted with left arm) Chrome LED turn/running lights. Engine has about 13k miles and runs great. Gas tank needs repainted but the rest is

decent.(I'm a builder not a painter! LOL)

Wheels painted with glow in the dark paint.

it sells the cheaper it will go.

Will consider partial trades, especially for older Jeep pick up or wagoners, bikes, cars etc....
